SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT

Sir:

Applicants request that the Examiner initial and return a copy of the enclosed Form PTO/SB08a and to indicate in the official file wrapper that each item has been considered.

Items of information submitted with this Supplemental Information Disclosure Statement were first cited in communications from foreign patent offices in counterpart foreign applications not more than three months prior to the filing of the Supplemental Information Disclosure Statement. Accordingly, no fees are believed due.

The following summarizes the status of copies of listed information provided with the instant Supplemental Information Disclosure Statement:

A copy of *U.S. Patents*, Item 1, is not attached hereto.

Copies of *Foreign Patent Documents*, Item 1-3 are attached hereto;

A copy of *Non-Patent Literature Documents*, Item 1, is attached hereto.

Item F1 is not in the English language, and no English language equivalent appears to be available. However, if the Examiner believes that it might be beneficial for Applicants to provide additional information about the non-English reference, then the Examiner is encouraged to notify the undersigned. Applicants will endeavor to provide any requested additional information to the Examiner.

With the present Supplemental Information Disclosure Statement, Applicants submit certain prosecution documents from the below listed non-U.S. patent cases, as Item D1. The Examiner is requested to review and consider such patent application during the prosecution of the present application. If additional information about this case is desired, the Examiner is asked to contact Applicants.

Japanese Application No. 2006-543659, filed December 9, 2004

Applicants reserve the right to establish the patentability of the claimed invention over any of the cited information and/or to prove that any purported teaching of the cited information is not enabled. Applicants also reserve the right to assert that the cited information is not available as a reference, is not prior art, and/or is not "material" to patentability. Applicants further reserve the right to assert that this citation of information does not constitute an admission of priority and/or does not constitute a waiver of any right Applicants may have under applicable statutes, Rules of Practice in patent cases, or otherwise.

This citation of information should not be construed as an admission that Applicants have an obligation to provide this information in the present application or as a representation that an exhaustive search has been made, that the information disclosed is material, that the information disclosed is, or is considered to be, in fact, prior art as defined by 35 U.S.C. §102, or that information more material to the examination of this Application does not exist. The order of presentation of information on the attached Form(s) SB/08 should not be construed as an indication of importance of the references. Applicants request that the Examiner conduct an independent and thorough search and examination of all pertinent art, and consider completely the information disclosed hereby, along with any other information, in reaching a determination of patentability.

The Commissioner is hereby authorized to charge any additional fees that may be required, or credit any overpayment to account no. 09-0528.

An early and favorable action is hereby requested.

Respectfully submitted,

/Mark D. Jenkins, Reg. No. 59,566/
